

6th Grade Summer Homework

This assignment needs to be completed before the start of the school year. Email me with any questions (eessig@desertchristianacademy.org).

Your assignment:

- Read the novel *Holes* by Louis Sachar**
- List what you believe are the five most important events of the novel and explain why they are the most important.** This can be done on a piece of paper or written digitally that you print out. You will need to bring a physical copy of the first full week of school.
- Read a 2nd book of your choice.** Any book, informational or fiction or graphic novel, as long as it is around an upper elementary/middle school level book and parent approved. **Parents, if you recognize that a 2nd book is not doable for your child, feel free to just focus on *Holes*. If you need a teacher to take the heat for more reading, I'll take it.**
